Accreditation Status Confirmation

January 21, 2022

To Whom This May Concern:

Public Institution 'Ekoagros' (EKOAGROS) is a United States Department of Agriculture (USDA), National Organic Program (NOP) accredited certifying agent. Furthermore, EKOAGROS is authorized to issue USDA NOP organic certification to agriculture producer and processor operations that comply with Title 7 Code of Federal Regulations (CFR) Part 205.

EKOAGROS accreditation certificate indicates a renewal date of January 23, 2022; however, its accreditation is in good standing and continues to be valid. USDA NOP granted EKOAGROS an accreditation term extension until its accreditation renewal assessment is completed. USDA NOP expects the assessment process to conclude during 2022.

For questions concerning EKOAGROS's status, please contact the NOP at 202.720.3252.

Sincerely,

A handwritten signature in blue ink, appearing to read "Robert Yang". The signature is stylized and cursive.
